Copy 8 of 8

13 December 1956

MEMORANDUM FOR: Operations

ATTENTION:

25X1

SUBJECT: Dissemination to Air Force of the DMR

1. This is to confirm our agreement that in the future the DMR will be distributed by Operations by the first courier after receipt of the DMR in the Operations center directly to Major Nabor's office, the TSO for AFOIN. In the event the DMR is received at night, this would mean that the DMR would go in the first and earliest courier service the next morning.

2. I have discussed this same matter with the Army and Navy, and they see no need to change the current procedure whereby they receive their copy of the DMR from NSA directly.

3. It has been called to my attention that on occasion the DMR's do seem unusually late in delivery, and I am suggesting to  via copy of this memorandum, that he might wish to check into the scheduling of delivery to see what improvements can be made.
